HOW TO USE THE DIAL TELEPHONE

Be sure you have the right number.

OBTAIN THE RIGHT TELEPHONE NUMBER FROM THE DIRECTORY. If the person or firm you want is not listed in the directory, dial "113" and ask the "Operator" answering to furnish you the number.

Remove the Receiver Carefully.

BEFORE DIALING REMOVE THE RECEIVER FROM THE HOOK AND PLACE IT TO YOUR EAR, being careful not to "Jiggle" the hook.

Listen for the dial tone.

THE DIAL TONE IS

a steady humming sound which can be heard as soon as the equipment is ready for your call.

The dial tone will usually be heard at once, or within a few seconds after removing the receiver. However, it may occasionally be necessary to wait a short time for it to come on the line.

If the dial tone is not heard within a short while, hang up the receiver, wait

for a few seconds and try again. If the dial tone is not heard on the second attempt, it indicates that there is some trouble on your line and you should dial "114," "Repair Service," from another telephone and report the trouble.

HOW TO DIAL

Starting to dial the figure 2.

Ready to release Dial after dialing the figure "2."

Suppose for example, you are calling 3234.

1. Lift the receiver from the hook and keep it off while dialing.
2. Listen carefully for the dial tone. When you hear it—
3. Place your finger firmly in the opening through which the figure "3" is seen.
4. Turn the dial around until your finger rests firmly against the finger stop.
5. Withdraw your finger from the opening, and without touching the dial, let it return to its original position.
6. Proceed in the same manner with the other figures, 2, 3 and 4.

If, before you complete dialing a number, you find that you have made an error, or if your finger slips out of the opening before you have turned the dial around to the finger stop, hang up the receiver for a few seconds. Then take the

receiver from the hook, listen for the dial tone and when it is heard, dial all of the figures in the number again.

To dial Operator, place your finger in the first opening below the finger stop which is the one through which the word "Operator" is seen. Turn the dial around until your finger strikes the stop and release the dial. An operator will answer.

THE RINGING OR BUSY SIGNAL

The ringing signal is a "burring" sound, heard at intervals after you have completed dialing, which informs you that the dialed telephone bell is ringing. If, after hearing the ringing signal for one or two minutes, you obtain no answer, it indicates that there is no one within hearing distance to answer.

The busy signal is a "buzz-buzz-buzz" sound, heard after you have dialed, which informs you that the dialed line is busy. When this signal is heard, hang up the receiver and dial again a little later.

Having dialed the number, wait for the ringing or busy signal with the receiver to your ear. Either the ringing signal or the busy signal should come on the line within a reasonable time after you have finished dialing. If you do not hear either of these signals, hang up the receiver for a few seconds, then remove it and dial the complete number again. If after a second attempt to get a number, you have not heard the ringing signal or the busy signal, dial "Operator" and report the condition to her.

HANG UP THE RECEIVER AFTER YOU HAVE FINISHED WITH A CALL

To disconnect your telephone from the telephone you dialed, hang up the receiver. Do not move the receiver hook or hang up the receiver before you finish talking, as it will break the connection. Do not move the dial while you are talking as it might also break the connection.

REPLACE THE RECEIVER ON THE HOOK FOR A FEW SECONDS BEFORE MAKING ANOTHER CALL

If you desire to place a second call after completing the first, hang up the

receiver for a few seconds in order to give the equipment time to break the first connection. Before starting to dial on a second call, make sure you hear the dial tone.

HOW TO DIAL EMERGENCY CALLS IF THE LIGHTS ARE OUT

Place your finger in the first opening below the finger stop, marked "Operator," which may easily be located by the sense of touch. Turn the dial around until your finger strikes the stop and then release the dial. When the operator answers, give her your name, telephone number and address, then explain the situation and she will assist you.

CALLS TO COUNTY SUBSCRIBERS

To secure a County number from a Dial telephone, dial "116" and when the operator answers ask for the number desired, as listed in the directory. Calls for County subscribers from Manual telephones will be placed as heretofore, for example, say "County 3432."

HOW TO MAKE "NUMBER-NUMBER" TOLL CALLS TO:

Sanford, Winter Park, Apopka, Clermont, Eustis, Kissimmee, Leesburg, Mount Dora, Ocoee, St. Cloud, Tavares, Winter Garden, Haines City and Davenport.

For "Number-Number" toll calls to these points consult the directory and after securing correct number, dial "Operator" and when the operator answers, give her your own telephone number, the name of place and telephone number desired.

For example: "This is 3640 calling Winter Park 125." After giving the number to the operator, remain on the line until the called number answers or the Operator reports on the call.

Toll Calls, where you wish to speak to a particular person, (Person-to-Person Calls) can be made by dialing "110" for Long Distance Operator and giving her the details of your call.

SUGGESTIONS FOR PARTY LINE SUBSCRIBERS

After removing your receiver from the hook, always listen to make sure the

line is not in use and that you hear the dial tone before starting to dial. If you hear a conversation, or the busy or ringing signal, hang up your receiver and wait until the line is free before attempting to make a call. If no one is talking and you do not hear the dial tone, ask if the line is being held.

If, while you are dialing, you hear another party on the line remove his receiver, or hear successive clicks in your receiver, indicating that another party on your line is dialing, stop dialing and inform the other party that the line is in use and ask him to hang up his receiver. When he does so (indicated by a loud click in your receiver), hang up your receiver for a few seconds, then remove it, wait until you hear the dial tone, and dial the complete number again.

TO DIAL ANOTHER PARTY ON THE SAME PARTY LINE

If you are on a party line and wish to dial another party on your line, it will be necessary to dial a special code number instead of the regular telephone number listed for the other party in the directory. In case you wish to know who else is on your line, you may obtain this information by calling "Repair Service."

If you do not know the proper code number to dial for the other party, proceed as follows:

1. *Two-Party Line Subscribers*—If you are a two-party line subscriber and wish to dial the other party on your line, the code number to be dialed is 1191.
2. *Four-Party Line Subscribers*—If you are a four-party line subscriber and wish to dial another party on your line, you can secure the proper code number by calling "Repair Service" and giving them your telephone number and the telephone number of the party you wish to call.

After you have finished dialing the code number, hang up your receiver. Your bell, as well as the bell of the party you are dialing, will ring at brief intervals. When the dialed party answers, your bell will stop ringing. You should then lift your receiver and talk to the party answering.

If your bell does not stop ringing in from one to two minutes, it indicates that there is no one within hearing distance to answer the other telephone. You should then stop your bell from ringing and free the line from the connection by removing your receiver from the hook for a few seconds and then replacing it.

HOW TO MAKE LONG DISTANCE CALLS

Dial 110 for the Long Distance Operator. When Long Distance answers, give her the terminating information (called place, telephone number, if you have it, and name, if particular party is desired) and then follow her directions closely.

SERVICE DEMONSTRATION

The successful operation of the dial system, and the efficiency of the service received depend largely upon the dialing party being familiar with the use of this particular type of telephone. If its use is not thoroughly understood, the Company will deem it a favor to be permitted to give individual instruction and it is prepared to do so at its business office. Every patron who does not fully understand the use of the dial system is urged to call at the office of the Company and have the proper use of the system demonstrated.

HOW TO GET BEST RESULTS IN USING YOUR TELEPHONE

Speak clearly and distinctly into the telephone, with your lips about an inch from the mouthpiece, so that you will not be misunderstood.

Answer your calls promptly. In answering a call say, for example: "Mr. Jones speaking" or "Smith & Company, Jones speaking." This way of answering saves time, whether you are at your business or residence telephone.

When your telephone is not in use always keep the receiver on the hook, otherwise your line will appear out of order or busy to anyone calling you.

We do not advise the use of your telephone call number on stationery, printed matter, signs, etc., but if desirable to advertise your telephone service, the phrase "Bell Telephone Connection" is suggested, as all telephone call numbers are subject to change at any time.

"TRAVEL BY TELEPHONE"

And Reduce Mileage Cost!

Some Selected Long Distance Rates from Orlando, Fla.

The rates given below are for the initial period. An initial period of 5 minutes is allowed on Station-to-Station calls where the rate is 25 cents or less. Where the rate is

more than 25 cents the initial period is 3 minutes on all classes of calls. Rates to over 70,000 other points may be obtained by calling "Long Distance."

To speed your service, we will furnish, without charge, a special long distance directory for listing telephone numbers of firms or individuals frequently called, also rates and other information of value.

A call to the Business Office will secure this directory.

On Person-to-Person messages of more than 10 minutes' duration, the charge for time in excess of 10 minutes is the same as for Day Rate Station-to-Station calls.

How to Make Out of Town Calls

【 To aid in deciding what type of call will best serve your purpose, it will be helpful if you will read completely the following paragraphs. 】

THERE ARE two general classes of Long Distance calls, Station-to-Station and Person-to-Person. Rates for Station-to-Station calls are lower than rates for Person-to-Person calls. Station-to-Station rates are further reduced during certain evening and night hours. Person-to-Person service includes Appointment and Messenger calls.

If you can give the telephone number of the distant subscriber on any class of call, your call can be handled more promptly.

Station-to-Station Service

From One Telephone to Another

A Station-to-Station call is one on which you agree to talk to anyone available at the called telephone. The best way to make a Station-to-Station call is to first give the Long Distance operator your telephone number and name, then tell her you wish to make a Station-to-Station call. If you know the number of the distant telephone give it directly to the Long Distance operator. If you do not know the number, say to the Long Distance operator, for instance, "I want Mr. John Brown's residence, 250 Sayre St., (Name of city or town)." Be sure that you do not specify any particular person to whom you wish to talk in making a Station-to-Station call. Rates are less than for Person-to-Person calls. If you wish to make a Station-to-Station call to a telephone reached through a Private Branch Exchange, place your call for the number or name under which the Private Branch Exchange is listed, and when the Private Branch Exchange operator answers, ask her to connect you with the desired branch telephone. On such calls timing of the message begins when the Private Branch Exchange operator answers. If, in placing your call, you ask for a particular telephone, office or department reached through a Private Branch Exchange, it becomes a Person-to-Person call and the higher Person-to-Person rate applies.

Reduced Evening and Night Rates on Station-to-Station Calls

Reduced rates apply to Station-to-Station calls during certain evening and night hours. Between 7:00 P. M. and 8:30 P. M. the reduction is approximately 25 percent of the Station-to-Station day rate. After 8:30 P. M. and until 4:30 A. M. the reduction is approximately 50 percent of the Station-to-Station day rate, the minimum reduced rate, however, being 35 cents. No reduction is made on Evening and Night calls where the day rate is 35 cents or less. On all Station-to-Station Day, Evening and Night calls the period for which a charge is made starts when the called telephone answers.

Reversal of Charges on Station-to-Station Calls

Reversal of charges on Station-to-Station calls is permitted at Station-to-Station Day, Evening and Night rates of 25 cents or more, when anyone at the called telephone accepts the charges at the time the operator first reaches the called station. Reversal of charges is also permitted on Station-to-Station Day, Evening and Night calls where the rate is 20 cents, under the same conditions as stated above, except that the rate for such calls is 25 cents. When the charges are not accepted at the called telephone and the calling party is unwilling to pay the charges for completing the call, the regular Person-to-Person report charge will be assessed against the calling party.

Person-to-Person Service

From One Person to Another

A Person-to-Person call is one on which you desire to talk to a certain person, or to be connected with a specified telephone reached through a Private Branch Exchange. Call Long Distance and give her the details of the call, for example, a call for Mr. John Brown at 250 Sayre St., (Name of city or town), is a Person-to-Person call. On such calls, more operating work and greater uses of toll lines are required and the rates are higher than for Station-to-Station calls. Charges are based on an initial period of three minutes and a charge is made for additional time in excess of three minutes.

Report Charges

On uncompleted Person-to-Person calls, a charge, known as a Report Charge, is made to compensate in part for the work performed by the Telephone Company in trying to establish communication between the calling and called person. Only one Report Charge is made on any one call. If the call is uncompleted during the day filed and, at the request of the calling party, is carried over and completed the following day, no Report Charge is made. No Report Charge will be made for reports that the called telephone is "busy," "out of order," or "don't answer." Nor will a report charge be made for reports that the called party has no telephone, that his telephone has been discontinued.

Collect Calls

A Person-to-Person call may be charged to the person at the distant telephone if he will agree to accept the charge. The Person-to-Person rate applies. Request to handle the call in this

manner should be made when the call is given to the Long Distance operator. If the charge is not accepted at the distant telephone and the call is not completed, a report charge will be made.

Appointment Calls

An Appointment call is a call on which you specify a definite time at which you wish the connection to be established. The Long Distance operator will endeavor to make an appointment with the called person for the time specified and a report will be given to you advising when the called person will be ready. The rate is the same as for Person-to-Person calls. If conversation is not held, a report charge will be made.

Messenger Calls

A Messenger call is a call to a person who cannot be reached directly by telephone. The Telephone Company will arrange to send a messenger to request the called person to come to a telephone to talk. The rate is the same as for Person-to-Person calls plus the cost of sending the messenger. If conversation is not held, a report charge and messenger charge will be made.

Rates and Charges

When you need to know the charge on a Long Distance call, make your request to the operator when placing the call. FOR DETAILED RATES TO NEARBY POINTS AND TO MORE DISTANT POINTS FREQUENTLY CALLED, SEE CLASSIFIED LIST OF RATES PUBLISHED ELSEWHERE IN THIS DIRECTORY.

Charges for Connections and Moves and Changes

1. Rates, other than for short term season service and private branch exchange service, are based on monthly contracts and bills therefor are rendered monthly.
2. The Company reserves the right to discontinue service without further notice unless prompt payment of bill is made.
3. If service is suspended on account of non-payment of account, service will be restored only upon the payment of the restoration charge of \$1.00 in addition to payment of bill in full.
2. Moving an extension or private branch exchange station from one location to another on same premises a charge equaling connection charge applicable if installed anew.
3. Moving other equipment or wiring from one location to another on the same premises, a charge based on the cost of labor and material.
4. Other changes in equipment or wiring, a charge based on the cost of labor and material.

CONNECTION CHARGES:

1. Individual or Party Line Service each main station -----\$3.50
2. Private Branch Exchange trunks, each -----\$3.50
3. Extension stations and private branch exchange stations:

Four schedules of connection charges are applicable, based on the total number of company-owned stations connected with the exchange. Schedule 1 applies in exchanges having from 1 to 2,500 stations; Schedule 2 applies in exchanges having from 2,501 to 10,000 stations; Schedule 3 applies in exchanges from 10,001 to 30,000 stations, and Schedule 4 applies in exchanges having more than 30,000 stations.

SCHEDULES

	1	2	3	4
Business -----	\$1.50	\$1.50	\$1.75	\$2.00
Residence ---	1.00	1.00	1.25	1.25

4. Where service is established by the use of instrumentalities already in place on the applicant's premises and no change is made in the type or location of such instrumentalities-----\$1.50

CHARGES FOR MOVES AND CHANGES:

1. Moves of telephone equipment, except as hereinafter provided, are as follows:
 - (a) Moves from one location to another in same room: Main, private branch exchange or extension station, each-----\$1.00
 - (b) Moves from one location to another in same building: Main, private branch exchange or extension station, each-----\$2.00

Florida

SHORT TERM SEASON RATES:

- (a) Season rates are based on contracts for a minimum term period of six months.
- (b) Season rates are based upon the rates authorized for the class of service applied for, plus 50 per cent thereof.
- (c) All charges for service under short term season rates are payable in advance for the full season period, and no connection charge is made.
- (d) Subscribers under season contracts paying season rates may, after six months, change to monthly contracts at monthly rates. When a season contract is succeeded by a monthly contract, and when the full annual rate has been paid, exchange service will be rendered for the remainder of the annual period without further charge.

DIRECTORY LISTING FOR TENANTS SUB-LEASING PREMISES

Residence subscribers who lease their premises for periods of less than one year and who request the Company to render service to their tenants without change in billing, may arrange for the listing of such tenants on "Information" records at the additional listing rate, the minimum charge for any listing period to be \$1.00.

Listing of the tenant will be furnished provided the subscriber and the tenant do not occupy the premises at the same time.

Bills covering all charges for exchange service, toll service and listing charges will be rendered in the name of the subscriber and the subscriber will be responsible for such charges.

A Business Meeting Ground

The telephone directory is the "Business Meeting Ground" of Seller and Buyer—a mart of trade where business men advertise to attract new customers.

A study of the advertising now appearing in the Telephone Directory will show the high type of business concerns using this effective medium for building trade.

Investigate the selling possibilities of Telephone Directory Advertising. Call the business office today!

Rules and Regulations

Applying to all Subscribers Contracts

Classification of Areas as the Basis for Furnishing Telephone Service—Economic operation of the telephone business, to secure protection to the whole body of rate payers and to the business itself, requires that the property be built and operated in accordance with a definite plan under which specified classes of service are regularly furnished in specified areas or types of areas. The Telephone Company therefore does not undertake to furnish any desired class of service at any desired location, nor does it undertake to extend its plant to remote sections where such extension is not warranted by public necessity as distinguished from personal desire, except where protection is afforded. The general plan for furnishing telephone service as authorized in the General Exchange Tariff is based on a classification of areas by types for the determination of the classes of service available and for the application of rates.

Term Period of Contract—The Company's contracts covering the furnishing of telephone service are ordinarily for initial term periods of one month. Under some special conditions involving unusual installation costs or involving the installation of special equipment, contracts may be required for longer initial term periods. Season contracts are for minimum periods of six months and season rates are applicable thereunder. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.

Construction and Installation Charges—The charges and regulations specified in the Company's General Exchange Tariff apply in connection with all classes of service equipment or facilities furnished by the Telephone Company.

No charge is made for providing new pole line construction on public highways, when the subscriber is located within the base rate area.

No charge is made for providing and maintaining new pole line construction along public highways outside the base rate area, when such pole lines are to be used in serving subscribers in general.

Except as provided above, when an applicant for service is located outside of the base rate area in territory where new pole line construction is required and the cost of providing the necessary additional poles is more than three times the annual mileage charge for the circuit thereon, connection with the Telephone Company's system is provided in one of the following methods as the applicant may elect:

The subscriber may bear the cost in excess of the amounts specified above of providing the poles and pay extra exchange line mileage charges for the necessary circuit. Ownership of such poles is vested in the Telephone Company. Maintenance of poles and circuits is at the expense of the Telephone Company.

The subscriber at his own expense may furnish the portion of pole line and circuit from his location to an agreed upon point of connection with the Telephone Company's system. The subscriber is required to maintain or bear the expense of maintaining his portion of the pole line and circuit and also to bear the expense of installing and maintaining the station equipment, except that when the station is brought to the Company's central office for repairs, no labor expense incurred for such repairs is charged to the

FLA.

subscriber. The subscriber is charged extra exchange line mileage charges for that portion of the Telephone Company's circuit outside of the base rate area. Ownership of the portion of pole line and circuit provided by the subscriber is vested in the subscriber. Ownership of the station equipment is vested in the Telephone Company.

Poles on private property to be used in serving an individual subscriber must in all cases be furnished and maintained at the subscriber's expense. Ownership of such poles on private property is vested in the subscriber. No charge is made for furnishing and maintaining poles on private property when such poles are to be used to carry circuits serving subscribers in general. In such cases, ownership of poles on private property is vested in the Telephone Company. Whenever it becomes necessary to replace poles on private property, the new poles are furnished only in accordance with the arrangements specified above. All circuits on poles on private property are owned and maintained by the Telephone Company.

When a specified type of construction is desired by a subscriber, as for example, when underground service connections are desired in places where aerial drop wires are regularly used to reach subscriber's premises or where the individual requirements of a subscriber make the installation unusually expensive, the subscriber is required to bear the cost of such special construction or installation.

Connection Charges and Charges for Moves and Changes—A schedule of fixed charges is established covering the connection of a subscriber's station with the exchange of the Company, and covering the charges for moves and changes. These schedules of charges are published in detail in this directory.

Unauthorized Use of the Telephone—Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber or members of the subscriber's domestic establishment except in connection with semi-public telephone service and except as the use of the service may be extended to joint users.

All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.

Subscribers may not disconnect or remove or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.

Unauthorized Attachments—The telephone equipment, apparatus and lines furnished shall be carefully used and no instrument, appliance or device, of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instruments, apparatus or device and to suspend or discontinue service without any claim on the part of the subscriber.

(Continued next page)

Rules and Regulations

Applying to all Subscribers Contracts—Continued

(Continued from preceding page)

No binder, holder or auxiliary covers shall be used in connection with any telephone directory furnished by the Telephone Company.

Changes of Call Numbers—In order to provide facilities for growth it is necessary for the Telephone Company to add new plant and rearrange existing plant. Such additions and rearrangements frequently require changes in call numbers. We appreciate that changes in call numbers are to be avoided where possible, and such changes are never made by the Telephone Company except when required by engineering necessity. The Company reserves the right to change the subscriber's telephone number or designation at any time.

Party Line Service—When party line service is furnished, the Telephone Company may in consideration of the rate at which service is furnished establish and furnish service to one other subscriber in the case of two-party line service, and other subscribers in the case of multi-party (more than two-party) line service. The Telephone Company reserves the right to cancel any two-party line or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use of the subscriber holding such contract is such, from large use or other causes, as to interfere with the reasonable use of others connected with the same line.

All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each telephone instrument or piece of apparatus injured or destroyed otherwise than by unavoidable accident.

Terms of Payment—The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's station, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.

All charges due by the subscriber are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payment. If objection in writing is not received by the Telephone Company within thirty days after the bill is rendered, the account shall be deemed correct and binding upon the subscriber.

In the event of abandonment of the station, the non-payment of any sum due or any other violation by the subscriber of the Telephone Company's rules and regulations applying to subscribers' contracts or to the furnishing of service, the Company may without notice, either (a) suspend service until all violations have ceased, or (b) terminate the subscriber's contract without suspension of service or (c) following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises. When service has been suspended for non-payment of charges, restoration of service is made upon payment of charges due, and in addition a restoration charge of \$1.00.

When instruments have been removed for non-payment, the contract is considered to have been terminated. Reinstallation of service may be made only upon the execution of a new contract.

Uninterrupted Service Not Guaranteed—In view of the possibility of errors and difficulties in the

transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or wilful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowance covers the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus and associated wiring on such premises, or by the removal thereof, when such defacement or damage is not the result of negligence on the part of the Company or its employees.

The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.

When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connection to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies the Telephone Company will not be responsible or liable for any action of the connecting company.

The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connection. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.

Public Pay Station Telephones—Public Pay Station telephones are equipped with coin collecting devices. These coin collectors are of two types. One type requires that the coin be deposited to signal the operator. If for any reason the connection is not completed, the operator will return the coin through slot at lower left of the telephone set. The other type of coin collector does not require the coin to be deposited until request to do so is made by the operator. Instruction cards are displayed with each public pay station telephone explaining the operation and patrons should observe and follow those instructions when making calls.

Telegrams by Telephone—Telegrams may be transmitted to and received from telegraph offices by telephone. To send a telegram or cablegram, dial the number shown in the directory for the telegraph company desired. By arrangement with the Western Union Telegraph Company any telephone subscriber may have charges for messages received or sent by Western Union Telegraph Company charged to his telephone and collected with his telephone bill.

(D) (Fla.)

This space is provided for your convenience in recording
Local and Out-of-Town Numbers Frequently Called.

[illegible]

Save Money On Your Out-of-Town Calls

By using station-to-station long distance service you can make a substantial saving on your out-of-town calls.

A station-to-station call is one where you are willing to talk to whoever answers the distant telephone. Of course, after the distant telephone answers, you may, if you wish, ask for some particular person, but the charges on all station-to-station calls begin when the distant telephone answers.

The charges for day station-to-station service are approximately 25% lower than for person-to-person service, and between 7 and 8:30 in the evening, the station-to-station rate is about one-fourth less than the day station-to-station rate. After 8:30 P. M., until 4:30 A. M., the station-to-station rate is reduced to about one-half the day station-to-station rate.

ORLANDO, FLA., SUBSCRIBERS

ALPHABETICAL LISTINGS

Employees of this Company are forbidden to accept either oral or written telephone messages to be transmitted by an employee of this Company over the lines of this Company.
In case of trouble with your telephone DIAL 114.

(By arrangement with the Postal Telegraph-Cable Company and the Western Union Telegraph Company, any telephone subscriber of this exchange may have charges for messages received or sent by Postal Telegraph-Cable Company or Western Union Telegraph Company charged to his telephone and collected with his telephone bill.)

As Easy as Plugging in a Lamp

THE portable telephone fills a long-felt need. Plugged into a telephone outlet, like an electric floor lamp, it gives you telephone service where you want it—living room, hall or your other rooms. If you are having dinner, and a call comes for you—the maid can bring the telephone right to your seat. If there's sickness in the house, the portable telephone can be placed alongside the bed or convalescent's chair.

It's so easy to shift it from one

room to another. Just plug it in the telephone outlet—and it's ready for immediate service.

Any Business Office will be glad to give you more information on this inexpensive new way to complete telephone convenience in your home. Merely telephone.

SOUTHERN BELL
Telephone & Telegraph Company
Incorporated

Voice visits by telephone . . .

IT may not be convenient for you to visit out-of-town friends and relatives as often as you desire but it is possible for you to keep in touch with them by telephone. A telephone visit is the next best thing to seeing them, and it costs so little

In addition to the low cost, out-of-town telephone service is quick, accurate and personal.

Why not give your friends or relatives the pleasure of a few minutes visit by telephone? Number, please!

SOUTHERN BELL
Telephone and Telegraph Company
Incorporated

He puts it up *to the* **TELEPHONE**

This man is meeting business readjustments in the new-day way.

He's constantly in touch with people and markets that affect his business—knows of changing situations at once—is ready to make the next move a little bit quicker than his competitor.

He lets the telephone take the heavy end of the job. Instead of waiting for decisions from out-of-town customers—he telephones. Deals ten or a thousand

miles away which might otherwise be lost are quickly closed. Good-will cemented. Overnight trips eliminated. Ticklish adjustments handled without misunderstanding. He brings his business world to his desk by telephone.

When you find your desk piling up with out-of-town matters that need closing, pick up your telephone. You will find real satisfaction in coping with business problems in the most direct, practical way known.

Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected if reported by letter to the Company.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only business subscribers.

Rug Cleaning

Clean Rugs Wear Longer

The most modern equipment has been installed in this department.

The sand and dirt removed. The rugs are shampooed with pure soap.

Our process will not harm the finest Orientals.

All rugs to be cleaned are first treated by the Plymetl Process for the elimination of moths and all germs.

**Burglar Proof Vault for
Oriental Rugs, Silverware and
Other Valuables**

**FIDELITY STORAGE

(W-1)

Attachments to your
telephone are unneces-
sary and many of them
cause telephone trouble.
Your telephone is com-
plete as it stands and
will serve you best
without attachments.

(x-72)

Careful Buying---

Price, quality and service
are obtainable only when
correct and adequate infor-
mation is available.

Such representation can be
found in the Yellow Pages
of this directory.

(X-6)

THE ANSWER

By looking in the
Classified Telephone Directory

When did she last hear from you?

Don't write! *Telephone...*

Those who love you and who have you constantly in mind would like to see you. Next best they would like to hear your voice. Telephone them . . . wherever they may be.

Though many miles may separate you and pressing obligations make it difficult for you to write as frequently as you would like — still you can talk to them by telephone, and the cost is negligible.

You can talk a distance of 50 miles for as little as 40 cents; 100 miles, 60 cents; 150 miles, 80 cents; by using Day Station-to-Station service. During the evening and night periods the rates are lower than during the day on all Station-to-Station calls costing more than 35 cents.

Give your loved ones a pleasant surprise. They will be pleased to hear your voice and will appreciate the thoughtfulness that prompted your call.

Southern Bell Telephone and Telegraph Company

Incorporated

Widen the Circle ...

IS your business a modern up-to-date establishment, eager to grow and capable of doing so?

OF course it is . . . and yet you have often wondered how to widen your sales circle.

THERE is no better way to concentrate your efforts and to force your sales than by advertising in this

CLASSIFIED TELEPHONE DIRECTORY

ITS continuous circulation is at work night and day, makes advertising in this directory a real buy for local advertisers who are seeking a stronger foothold for their products or services.

Back home by telephone..

Does business keep you on the road? Wherever you may be, you can go to a telephone and pay the home folks a visit. ● A visit, by telephone, with your family is the next best thing to seeing them, and the cost is small when you use long distance Station-to-Station service. ● Just give your home telephone num-

ber to the operator. You will be connected quickly. Often you can talk with the entire family. Why not give your family a pleasant surprise today? "Number, please!"

SOUTHERN BELL Telephone & Telegraph Co.

(Incorporated)

Southern Bell Telephone and Telegraph Co.

Incorporated

SANFORD, FLA.

HOWARD OVERLIN, Manager

J. A. MOONEYHAM, Dist. Mgr., Orlando, Fla.

VERNON BAIRD, Fla. Mgr., Jacksonville, Fla.

Employees of this Company are forbidden to accept either oral or written telephone messages to be transmitted by an employee of this Company over the lines of this Company.

In case of trouble with your telephone call REPAIR SERVICE.

(By arrangement with the Postal Telegraph-Cable Company and the Western Union Telegraph Company, any telephone subscriber of this exchange may have charges for messages received or sent by Postal Telegraph-Cable Company or Western Union Telegraph Company charged to his telephone and collected with his telephone bill.)

The Winter Park Telephone Company

(INCORPORATED)

WINTER PARK, FLA., SUBSCRIBERS

CARL H. GALLOWAY, Pres. & Gen. Mgr. WINFRED W. LEWIS, Sec. LENA K. GALLOWAY, Treasurer

OPERATORS ON DUTY ALL HOURS.

PAY STATIONS OPEN ALL HOURS.

Employees of this Company are forbidden to accept either oral or written telephone messages to be transmitted by an employee of this Company over the lines of this Company.
In case of trouble with your telephone Call 501.

(By arrangement with the Postal Telegraph-Cable Company and the Western Union Telegraph Company, any telephone subscriber of this exchange may have charges for messages received or sent by Postal Telegraph-Cable Company or Western Union Telegraph Company charged to his telephone and collected with his telephone bill.)
